Rick Steele can most definitely Catch Me. This is a Alpha Male with a heart of gold. A Dealer in Las Vegas and celibate by his own doing decides to take his chances at Fanta C and have a one night stand but what he doesn't realize is when he meets Tara Denton he is totally smitten. Tara Denton a young woman who is just starting to get her life back on track meets Rick and he totally turns her life upside down. You see the relationship develops over time for Rick it's to gain her trust and for her to become more independent and show herself she can be what she wants to be. If you are looking for a quick read but one that will leave you with a smile on your face this is the one for you

Rick has been on a sex hiatus for about six months thanks to catching his fiancée in bed with one of his groomsmen, when his friend introduces him to Fanta C, a place that will hook you up with someone who is into the same kink as you for one night only. Tara joins Fanta C so she can have one night to reclaim the body that was stolen and abused by her ex. Tara thinks that one night in the arms of a gentle and understanding man will help her get over her fears of intimacy. What neither Rick nor Tara expected was to want and need more than just the one night. I enjoyed this short, sexy story about a Dominant man who makes a very scared submissive woman feel like a woman again, despite her body being scarred from years of abuse.

This is my first book by Jennifer Probst and I enjoyed the read. She kept my attention, the characters were created with interesting storylines and the scenes were hot and steamy with some dominance mixed in. Rick and Tara meet with both knowing they signed up for a one night stand. They can totally walk away from each other with no thought or need for contact. When you learn of their past stories you wonder why they did this. How did they find the courage to do this? Meet a total stranger and have sex? I love their stories of strength and determination to move on. I enjoyed meeting Tara. She is not your typical female character without flaws. She has a dark past that left her scared in many ways. She is even more beautiful in Rick's eyes. It's nice to read a story like this. Beautiful connection and beautiful love scenes.

Rick and Tara both sign up for Fanta C. An exclusive club that make your wildest dreams come true. Rick is bored with his life and Tara was hurt and needs help getting back out there. It was supposed to be a one night stand. But Rick wants more. Tara wants only one night, she is finishing school, working, and volunteering at a women's shelter. So he gives her three months and goes after her. She is stronger, more confident, and is ready to put her past behind her. Rick just has to convince her that he is the man for her

~ Surprise lit his eyes as she straddled his hips, her hair falling around his face to wrap him in a curtain as she kissed him. She gave him everything he asked for in that kiss: her body, her surrender, her gratitude, and her desire. ~ 5 Steele Brothers Stars!!! I loved this book, it was a hot quick read and you get sucked in as soon as you start to read it! Rick Steele works in Vegas as a dealer and he's been burned too many times in the past and he's convinced he'll never get over it. He meets up with his friend one night and he convinces him to sign up for a place called FANTAC, a service that sets you up with a match that has the same sexual fantasy as you. He's not sure he wants to go through with it, but he figures why not, what does he have to lose. Two weeks later he gets the phone call that they've found his perfect match, still not convinced he meets up with the beautiful Tara and all things change!!! Tara has had a rough start to life and she's getting over a three year abusive relationship. Her body is scarred and mentally she's just as scarred. One glance at Rick and she's frightened, he's beyond sexy and huge! Rick soothes her down and takes care of her, shows her what it's like to be taken care of. But will this one night stand turn out to be more?? I loved the chemistry between Rick and Tara. You feel her pain and you want to reach into the book and hug the pain away!!! This was a great start to the series and I can't wait to see what else is to come!! **Received a copy in exchange for an honest review. Read and reviewed by Melissa for Alpha Book Club**

Yay for giving the girl what she needs. And double yay for her knowing what she needed, going after it, and then having the determination to stand by it. She knew going in that she had issues. She was working on them, and didn't need anyone to do it for her. Well, except for the sex. She couldn't do that herself. Good job to Rick for being able to see past her past and into her being. And double good job for him letting her do what she needed to to complete herself instead of trying to do it for her. I will definitely be checking out this authors other books.

This book was a cute love at first sight book. It showed a broken woman actually a shattered woman and a broken man that had put walls up for different reasons. How they didn't know how but they had started to let their walls down because of a chance encounter because their friends made them try this service. She knew she wasn't ready and she walked away. He knew she was what he wanted and waited for her then went back for her. My only issues were it was too short and too expensive. The book is only 89 pages and it was priced a little high for that. I would love to explore their characters more but hopefully we will see them again in the rest of the series.

Another predictable bondage book about a woman who decides to become a criminal and is so guilt ridden she decides to be punished by the first hot guy she sees. A good way to get killed in real life. I read the criticism about books like this from people who are in the S&M world. The common theme is you need to build a lot of trust before doing half of the acrobatics written in this book.
