Customer Reviews

If you are an avid reader as I am and you are not reading these / books you are missing out . I read a comedy book last year and it was funny as ever but the author disappeared and since then I have . Bought borrowed so called funny books and found them insulting and stupid not funny . I don't give bad reviews so they did not get one . I am soooo happy I found this author

This book is so funny but holds your attention. It is a great read.

Some places drag a bit... Mostly OK
