This book provides some great tips and links on that the author has picked up along the way. Some are common sense and some are some things that I never considered.

Doesn't matter if you've cruised 100 times - guaranteed you'll find a nugget of new info you can use on your next cruise. This is the comprehensive cruiser's bible! Everything from timing your booking

for max discounts to packing with a purpose, this guide has it. Thanks for putting this together!

This has some great ideas for booking, preparation and when on your cruise. The free resources and the coupons in here will save us at least \$100... well worth the small cost of the book! I'd recommend it to anyone looking for a cruise or those who already have one booked.

This is totally worth the \$2.99 that I paid. I came away with at least a dozen or more really great ideas I never even thought about. Thank you for sharing these hacks!!

Great read. Some very good tips for first time or lifetime cruisers.

I learned so much. Recommend this to any cruiser. The author has a humorous tone too, which helps when reading a book filled with facts and tips.
