Customer Reviews

I rarely write a bad review, but this book leaves a lot to be desired. There is an index for recipes with page numbers, but the book has NO page numbers!. Finding a recipe is a matter of luck. Lots of grammatical and typographical errors. No serving sizes. Very sloppy work. I am sending it back.

Thank you so much for this very informative book-- I will try every recipe at some point-- can't wait to share with my WW friends...

Needs better proofreading! Look at the first ingredient in the recipe for Ratatouille. Not an ingredient

that I expected to find in a cookbook!
