About Accepted, Inc. Accepted, Inc. is an independent test prep study guide company that produces and prints all of our books right here in the USA. Our dedicated professionals know how people think and learn, and have created our CLEP book based on what research has shown to be the fastest, easiest, and most effective way to prepare for the exam. Unlike other study guides that are stamped out in a generic fashion, our CLEP test prep manual is specifically tailored for your exact needs. Our goal here at Accepted, Inc. is to help you: Study Smarter; We've eliminated the filler; and fluff; you see in a lot of mass-market guides, allowing you to have more effective study time. Score Higher; We exclusively work with tutors, teachers, and field experts to write our books. This ensures you get the tips, takeaways, and test secrets that a one-on-one tutoring experience provides. Unlike a tutoring session, however, our books enable you to prepare for your exam on your own schedule at a fraction of the cost. and Get Accepted! We offer a comprehensive set of guides guaranteed to raise your score for exams from every step of your education; from high school, to college or the military, to graduate school. Let our study guides guide you along the path to the professional career of your dreams! A

Customer Reviews

I am using the book to help fulfill my college requirements in college, the book helped me prepare for the test. I would have like more practices questions

This resource is just okay. It is mostly helpful, but it does contain some mistakes and formatting errors.

This guide is a must have for anyone prepping for the CLEP Algebra Exam. First of all, this guide is a 2017 edition, so I know that it has the most up to date content. Many of the other guides that I saw were from last year and beyond, so this was a big deal to me (and also something to watch out for). Actually, this guide is pretty thin--definitely much less intimidating than the huge, heavy guides that some of my friends were carrying around! This guide is well written and easy to understand. This guide is broken up into sections, so you can go right to the area that you want to focus on without having to do a ton of searching or reading the guide from cover to cover to get the most out of it, which saved me a lot of time! I also thought that the practice questions were very similar to those on the real test, so I felt more confident about my score. I would recommend this guide to others who are looking for a general idea of what to expect and a good guide for a great price.

I don't think it worth the money. The book is thin but with lots of mistakes...
