Music Practice: The Musician's Guide To Practicing And Mastering Your Instrument Like A Professional (Music, Practice, Performance, Music Theory, Music Habits, Vocal, Guitar, Piano, Violin)

Synopsis

MUSIC PRACTICE: A GUIDE FOR ALL MUSICIANS Learn all of the best practice tips, tricks, and techniques used by the greatest musicians in the world! All for the price of a coffee! Do you want to know how to practice like the professionals do? Are you struggling with your playing? Having trouble getting motivated? Do you want to improve your playing and bring it to the next level? I decided to write this book because I was struggling with my own practice and playing and it took me many years to learn new strategies to get myself to where I wanted to be. Now I want to share these proven strategies with you. Some of them I discovered myself, but most of these I learned from professionals. If you're serious about playing, practicing, and improving your skills on your instrument, then this book is for you! Whether you are a beginner or professional, classically trained or not, this book contains proven strategies that can be applied by anybody. Why should you buy this book? This book is a compilation of the best practice tips and strategies from the best musicians in the world. You will learn practice tips used by world class musicians ranging from pianists to violinists and trumpeters to clarinetists. This book contains over 80 tips for practicing everything from rhythm to intonation to challenging passages. You will learn how to practice effectively and efficiently. What you will learn and discover: How to set goals and the importance of setting goals. What the experts do differently. How to have an engaging practice session. 10 Must-have practice habits. 24 Ways to practice with the metronome. Various ways to practice intonation. Different ways to practice performing. 10 Different ways to practice memorizing music. Fast practice vs. slow practice. Many more practice tips, tricks, and strategies. Customer Reviews

Found the book very high-quality and providing a very clear guidance on how to act and practice seriously. This is definitely not for the person who wants to practice once a week... it's for the person who really wants to invest his time to being very accomplished in his/her chosen instrument.

Absolutely a great book on music practicing, in all aspects. Dumais has created a very well-written guide on the topic and it was with joy that I read through it. This is one of those books that I will for sure go back to many times over again as it contains so much tips and insights on how to practice music. After reading this I will try to focus on my motivation, perseverance and I will start recording my voice as described in the book. I think I will also start using a metronome as recommended.

Thank you the writer for a great book!

This is a wonderful book to read if you want to master your instrument! I myself play guitar and have learned a ton from what I read. I recommend you check it out yourself if you want to get better at your instrument

As a music teacher and performer, I found this book very clear and insightful. I have begun to use the suggestions in the book for my own practicing and also presented them to my students. This read is very helpful and well articulated.

Excellent, readable guide to improve musicianship. Each chapter contains readily applicable tips and recommendations to optimize each practice session in accordance with one's goals. Provides a road map to improve and achieve improvement to long term goals (mastery) by identifying short

term, meaningful goals. Enhances your awareness of your practice by providing tips, techniques and processes to stay engaged and continually analyze and measure your progress. Highly recommended for amateur musicians hoping to attain mastery of their instrument and craft.

Great item, good price, fast delivery. Would recommend this seller.

Great advice. This book has some really strong thoughts for you to help yourself become a better musician/person/athlete/whatever.

Very good tips on approaching how to practice and execute music
