Customer Reviews

Totally loved it!!! Maia has outdone herself yet again with this great story between Cerik & Maria. At first Cerik only takes Maria in a ploy to use her in his plan with the opposition but at what point did it

become more? And she sure is a feisty one. I LOVE Maia's dragon stories and the selfish side of me hopes she writes them for some time. "I voluntarily read and reviewed an ARC of this book in exchange for an honest review"

One of the best in the series, exciting, mystery, and love! Beautiful told story of curvy figure women and sexy hot dragon who find love with everything going on! I voluntarily reviewed this book as a ARC and highly recommend for a incredible fun read! Thanks! — — — — —

Maria Corvallis was in the desert with her friend, Claudia, trying to forget her broken relationship with her cheating and lying ex, Steven. Commander Cerik Hade, a Draqua hybrid from the planet Kelon, is on his way to Earth to capture a human woman to aid him with his covert mission against the Opposition. Getting them both captured, discovering what the Opposition has planned, and escaping is dangerous in itself but how will Maria feel when she discovers that Cerik has lied to her. What Cerik discovers is a nefarious plan that could spell the end for the Draqua race! I thoroughly enjoyed this book and it is a great addition to the series. I would definitely recommend it to others. I voluntarily reviewed an advanced reader copy of this book that I received

I voluntarily reviewed an Advanced Reader Copy of this book. Loving this series (who wouldn't love strong Alpha male dragon shifters and their equally strong females) and Cerik is no exception. In this one, not everything is as it seems. Cerik kidnaps Maria as his mate but intends to use her as bait (which would of course put her in danger) and infiltrate the Opposition. (He is on a secret mission from the King). Maria has trust issues after being cheated on by her ex boyfriend. Trust is huge to Maria, so how will she handle it when she finds out why Cerik really kidnapped her to begin with? Will he be able to gain her trust back and convince her, no matter how they started, she really is his everything - his mate?

This is one great series and read. Hot dragon men and captured human women who can ask for more. Commander Cerik Hade has come to Earth on a mission. He has traveled to Earth with plan to kidnap a female mate to use as bait. Cerik has a secret he must keep hidden. Maria Cavallos is the unfortunate female taken from Earth. She ends up on an opposition ship unsure what will happen to her. Cerik plan is to get the info the Draqua need about what is planned and how to distribute a virus. How can she trust Cerik after she learns she is bait Will he find out anything worth while on the space station? I give this story 5 stars. "I voluntarily read and reviewed an advanced

readers copy without pressure to do so".

I absolutely loved this story! This is only the second book I've read in this series, but I'm certainly going to check out some of the earlier ones based on what I've read so far. I'm not new to Maia's writing though, and I love the way she creates a picture of an alien world so clearly that you can see it in your mind and believe it actually exists. The Kelon world sounds so beautiful it makes me want to go there! Her characters, and the chemistry she creates between them is always so hot, and Cerik and Maria are no exception. I enjoyed the way this story played out - the fact that Maria had a chance to adapt to her new surroundings, meet new people, face some of her insecurities, and become her own person before moving forward. I received an ARC of this book in exchange for an honest review.

I was sent a complimentary copy of this book to review (ARC) and as usual with all her books and in this series, Maria has outdone herself again. All of these books can be read on a standalone basis but its probably best to read them in order now as the plot is carrying through each book and for continuity it does help. Our hero Cerik is sent on a mission to obtain information about the rogue draqua, he kidnaps Maia and uses her as an excuse to get caught by the rogues. They escape but obviously Maria eventually learns about her role in all this and feels used. There is a lot of making up to do as ever but in true maia style it all comes altogether for a great story.

A AWESOME DELIGHTFUL READ by Maia Starr , she writes a strong structure storyline and well developed characters in Maria and Cerik and well supporting characters in a exquisitely brilliant well written story . The story is drama rom-com adventure emotional roller coaster provocative captivating sizzling chemistry hot steamy sex suspense action betrayal strength of character and captivating from start to finish ~~~~~ . I love and recommend this book to everyone ~~~~~ . I can't wait for the next book in this series . I voluntarily ARC for honest review .
