My husband applied to a bunch of Law Enforcement jobs and this book has helped a lot!! Don't go into the exam not knowing what you're doing. Get this book. It is definitely worth it!

I passed my police exam on the first try and o only studied the book for a couple of weeks. Great book

This book prepared me for precisely what the exams covered. The sample tests are just like the real ones (nearly identical!). Also, the tips for preparing for your oral interviews and background packet

are excellent. It's abundantly clear that every single candidate should have purchased this book -- many of them were shocked by certain details or processes, while I was anticipating virtually every aspect of the process. GREAT book.

Great price and great practice test. Good review if you need to prepare yourself!
