German Short Stories For Beginners: 8 Unconventional Short Stories To Grow Your Vocabulary And Learn German The Fun Way!

Synopsis

Improve your comprehension, grow your vocabulary and ignite your imagination with these eight unconventional German short stories! In this book you will find: Short stories from a variety of compelling genres, from science fiction and crime to history and thriller, so you'll have great fun listening, while learning a wide range of new vocabulary! Stories broken down into manageable chapters, so you always make progress with the story and feel a sense of achievement without great difficulty! Realistic amounts of new vocabulary so you're not overwhelmed by complex words. Instead of pausing to look up every word, you'll absorb new vocabulary from the context of the story, and have the satisfaction of that moment when you say: "I totally understood that sentence!" Carefully-written German using straightforward grammar that is comprehensible for beginner and intermediate level learners. You'll enjoy listening and learn new grammatical structures without any feelings of frustration. Plenty of natural dialogues in each story, so that you can learn conversational German while you listen, and improve your speaking ability at the same time! Regular plot summaries, comprehension questions and word reference lists, so that help is always on hand when you need it. You'll be able to focus on enjoying listening and having fun, rather than fumbling around with dictionaries and struggling through dense text with no support. German Short Stories for Beginners has been written especially for students from beginner to intermediate level. The eight captivating stories are designed to give you a sense of fun while listening, so you can enjoy German again!

Customer Reviews

If you are an intermediate level foreign language learner like I am in German, reading short stories written at your skill level on the kindle is a great way to rapidly expand your vocabulary and skills! An added advantage to reading digitally is that you can click on words you don't know, and the translation pops up.

This is a really great way of learning German. Well worth it.

I enjoyed the book as it helped with my German reading. It is easier to begin to learn the words when you can think of them within a sentence. I had to use my German-English quite a bit. It would have been nice to have a translation of the stories at the back of the book to check my interpretation skills. Great, easy read that has helped me a lot.

I'm enjoying working on it. The stories aren't great but the opportunity to expand my vocabulary and see how some of the grammar works is very valuable. I'm learning German using Duolingo and am using this to supplement the wonderful program.

Great learning aid.

This would be okay except there are logical errors (such as changing the names of the characters) which make it very hard to figure out what is really going on. The German is fine, but it is the weird logic that makes no sense to me. These stories would be very odd if they were written in English (my native tongue.) But compounding the German, and it is an extremely frustrating hurdle. I was constantly asking "Why did the person do that? Who did what to whom? Who is Theodor, when he was called Emil two sentences ago?????" Besides, the logic was so far out there that I doubt that anybody would do anything like that. For example, "Die Truhe" was really a mess of a story. Its ending was very unsatisfactory, and that wasn't the only story that I found utterly confusing.

I'm glad someone else mentioned the errors. I was reading along at a pretty good pace, and realized that the constant use of "das" for "dass" was really starting to make me think I learned the use of the word incorrectly, so I came here to read the reviews. I was proud of myself for recognizing the error. But the reading level is satisfying. I've read more difficult books, but my comprehension has not been as good. I would say it's a good read for the vocabulary, but don't trust the grammar.

I found this book a pleasure to read and excellent learning material. The stories were unusual and had various moods and that helps to remember and learn new expressions and grammar.
