Knowledge Stew: The Guide To The Most Interesting Facts In The World (Knowledge Stew Guides) (Volume 1)

Synopsis

Discover the Facts Behind the Facts Did you know about the time Elvis met secretly with Nixon? Or why the Great Lakes are so Great? Did you know about a fire from 1962 that has never stopped? Or why some countries drive on the left side of the road? These are just some of the questions, along with the answers, in Knowledge Stew: The Guide to the Most Interesting Facts in the World. This fun fact guide will take you through topics ranging from food to science, and geography to history, with loads of random facts in-between. Improve your knowledge and find things you've never heard before, or learn the facts behind the facts you already knew. So sit back, grab a spoon, and help yourself to a heaping bowl of Knowledge Stew. Need to continue your fact-finding quest? Then check out the 2nd volume of Knowledge Stew: The Guide to the Most Interesting Facts in the World.

I got this book for my Kindle because it is very handy to read in short spurts when I am in waiting rooms, etc.

Interesting content and informative. I like the way this author keeps you entertained and offers tidbits that help in keeping your mind engaged in the randomness of the universe.

This book is a quick read of fun facts. Some are more well known than others. Would not pay asking price for just volume 1, but reasonably priced if you buy all three volumes.

If you like interesting trivia, here is your book. Lots of fascinating stuff covered sufficiently but not over explained. Just right.

I love trivia. Good read.

Not as good as the Uncle John's Bathroom readers.

Cannot put it down

great
