## Synopsis

Max Westin. Sex incarnate. She could smell it, feel it with his proximity. Everything about him was a little rough, a little gritty. A primitive creature. Just like she was. He held her hand a little too long, his thickly lashed gaze clearly stating his intentions to have her. To tame her... "Victoria". Her name, just one word, but spoken with such possession she could almost feel the collar around her neck. "It's in your nature," he murmured. "The desire to be taken." In this game of cat and mouse, everything is an illusion but the passion is as real as it gets...

## Customer Reviews

While I enjoyed the plot line and the characters this read like a series of short stories all stuck together. It was needlessly repetitive on back ground point of the meeting and his assignment that led to the meeting. If I read about it once I read about it at almost the beginning of every new section. The submission and domination was just the opposite with a lack of detail that made me want to sigh but not in a good way.

Hotness factor: 5 smokin' hot sexy stars  
Overall story: 3.5 stars  
Okay, so this was a very different read for me. First off, the book was divided into three short stories taking place during different time frames. Secondly, I rarely read paranormal books although the few that I've read in the past I have loved. I can't say I absolutely loved this book but I certainly didn't dislike it either. It held my interest in that it was quite a unique tale. Max Westin is a

super-sexy, alpha-dominant warlock and Hunter. Victoria St. John is a Familiar (feline) gone feral. The magic world's High Council assigned Max to tame the feral Familiar gone rogue while she sought revenge for the tragic death of her true love, Darius. Upon Darius' death, he transferred his powers to Victoria making her the most powerful Familiar in existence. Collaring with a warlock is generally standard for a Familiar, however, Victoria is fiercely independent and unwilling to be collared. Submission. She wasn't suited to it. She was far too strong-willed, far too independent to bow to a man's demands. She is a mischievous kitty, frequently taunting the High Council and outsmarting the Hunters sent to tame her. Max's task was to tame her for eventual pairing with another warlock or to eliminate her if necessary. Victoria proved to be quite a formidable adversary. The playboy warlock wasn't at all prepared for the intense connection that surfaced between him and Victoria or how possessive and protective of her he would become. The bond between Familiar and warlock always began with this tiny thread of awareness. It was early, too early, for the connection to be there, but it was. This isn't a deep emotional story but it was fun. The chemistry between Max & Victoria was intense and their fierce love for each other was unconditional. I love how Max handled the hard-to-tame Victoria. Smart, smart man! Loving that spirit in her, Max had been careful in his care of her since she'd become his, maintaining the firm hand Familiars thrived under, yet giving her enough room to continue to challenge him. It was a delicate balance, one that kept them both content. If you're a fan of deliciously HOT paranormal ALPHA MALES, who thoroughly enjoy trying to tame their sassy female subs, then this story might be just the one for you. Sylvia's writing flows brilliantly and there's plenty of steamy sex to wet your appetite. I'd recommend reading this when you need a small break from those angsty, emotional boo

This collection of erotic paranormal romances is a three course carnal feast! Each dusky, intriguing novella is finely crafted, from start to finish and with thoughtful efficiency, by Sylvia Day. Spellbound's engaging world is a unique and seductive combination of mystical and menacing. It's the perfect playground for the memorable and delightfully wicked Max and Victoria. Those dark and delicious creatures immediately entice, then ignite, as they spar, bewitch and devour one another. The insatiable and voracious lovers share one sizzling scene after another, each hotter than the last. Their sex is unearthly, intense, combative and fabulously filthy. When Max and Victoria's mutual lust invites lasting love, it's moving. Sigh.. It's beautiful! Their enviable bond is so strong, their devotion unwavering. I was swooning!

(Three episodes written about this stormy and extraordinary couple isn't nearly enough! More, please!)\*Due to the brevity of this collection the \$12.99 paperback price is too steep to recommend. The current e-book price of \$5.99 however is worth every penny.

I love Sylvia Day as an author, she is one of my favorites. This is the first time I have read a shifter book and I loved this one. It was full of erotic sex and romance with a great story line. In the past I haven't been particularly interested in shifter books. They seem too far out for me. But this book has totally changed my mind about the genre. I can't wait to check out more of Sylvia Day's shifter books.

I like the idea of a familiar and witch having a romantic bond. A lot of beautifully descriptive love scenes. A lot of action and suspense!

She is a super author I have enjoyed all the cross fire series.she has never disappointed me. I look forward to reading her books

I'm a major fan of Sylvi Day and automatically purchase her books. Imagine my surprise when I opened this story on my kindle.As usual Ms. Day grabbed from the get go.It was not what I expected but was thrilled and entranced with the characters and story line.

Definitely a different type love story. Victoria and Max can't live without each other; black magic threatens them both but of course they survive and all is well. I felt the story was predictable. I like Ms Day's style of writing just not to happy with this one.
