I love the idea of traveling, but coming up with where to go and what to do can be a little overwhelming at times. If you're considering touring India, then this book will definitely be able to help you figure out what to do. It breaks it down by regions like north, east, south, west, etc. and tells you the best places to visit in each of those areas. It made me realize that there's so much to do you'll likely have to make another trip back! Seeing the Taj Mahal would certainly be first on my list!
