Kick, Pass, And Run (I Can Read Level 2)

Synopsis

Rabbit was the first one to hear it. Duck was the first one to see it. Cat was the first one to feel it. But what is it? It turns out to be a football, and it leads the animal friends to discover the exciting game of football. Young sports fans have cheered Kick, Pass, and Run for thirty years. Now Leonard Kessler has reillustrated his classic I Can Read Book in full color, bringing this popular tale to a new generation of beginning readers.

Grade Level: Preschool - 3

Customer Reviews

Gr. 1[^]-2. Since it was first published in 1966, this book has served as both a simple introduction to the game of football and an easy reader. Now, Kessler has re-illustrated the story in full color. Libraries that have the older version will want to update, and others will want to purchase this story about a group of animals who organize a football game after watching a young team at play. Ilene Cooper --This text refers to the School & Library Binding edition.

Leonard Kessler has illustrated over two hundred books for children, many of which he also wrote, including the I Can Read Books Last One In Is a Rotten Egg; Kick, Pass, and Run; and Here Comes the Strikeout. He lives in Sarasota, Florida. Leonard Kessler has illustrated over two hundred books

My first-grade son enjoyed reading this, the level fit nicely - not too hard, not too easy. It gave me an opportunity to go through some football terms that helped him understand the game better. The animals playing football part was nice but not my favorite part - it cost the book the one star. If you like sports/baseball and want to teach perseverance, the value of practice, the notion that everyone needs to work to be good then I recommend "Here comes the strike out". same level of reading but more life lesson value. Here Comes the Strikeout!

The story used football terms accurately and was really funny and interesting for both me and my son. Also, the reading level was as described - a good number of words he easily knows and many he had to sound out. It was the best "I can read" book I found in a while.

I came across an old copy of this book at a thrift shop. After reading this book to my 4 year old son it became a favorite of his. A strange object falls into the middle of the woods where a group of animals inspect it and wonder what it is. Soon a boy comes to get it and takes it back to the football field. The animals follow and watch from a distance as the boys play football. Then the animals have an a brilliant idea to play their own game of football. What will they use for a the ball? This is a great book for 2 to 6 year olds and any child learning to read.

I bought this book for my two grandsons (one 3 1/2 the other almost 4) because we began reading them our copy (purchased when our three adult sons were small) when they were about 2 and they always ask specifically for this book. It is fun, a quick bedtime read, and both boys are already beginning to recognize words in the book, as did our sons before them. Pictures are colorful and the story holds their attention.

My 8 year old nephew started playing football this year in our local Mighty Mite division and he had a great time. I always like to get him a book as part of his present for gift-giving occasions, so looking for something football related for his birthday was a no-brainer. :) This book was perfect for him. He is able to read it himself (though we enjoy taking turns reading it together). He likes the animal characters and enjoys following the events of the story.

We've read and re-read this book so many times it is now falling apart (simply because it is a paperback). Great easy-reader. Builds confidence and a bit of a silly story. Fun read for kids.

Lots of text that would be hard for emerging readers. Proficient 1st graders would have trouble with a cold read. OK for 2nd or for reading to a young child who loves football.

Fun and good book for son that likes sports.
