Crystal Mermaids - Ship Graveyard

Synopsis

With illustrations perfect for coloring! Aqua and Coral are fun, caring mermaids, who live deep beneath the ocean waves in Bubbles Valley! They love to swim, play games, and most of all... go on adventures! Join Coral and Aqua on their first underwater adventure! Meet new fish, smile, giggle, and discover the meaning of friendship in this exciting tale amidst the bubbles! Something is amiss the moment they swim into the Ship Graveyard... could it be their imaginations, or is something lurking in the shadows? Find out what happens in this fin-raising experience with Coral and Aqua!

Customer Reviews

I really loved this book! It had pretty mermaid illustrations on every page, and I even colored a few in using colored pencils! It's a wonderful read for people who love adventure stories with laughter and a little bit of danger. Even though the characters are mermaids they are so relate-able to "normal" girls. Fantastic find, I would recommend this for the entire family.

My daughter was really excited to be able to purchase this through . She bought the entire set, it was exactly as listed. We are very pleased.

This would be a great book for any age. VFK is a wonderful family game. I would recommend this to anyone...

VFK is a wonderful family based virtual community game for all Ages I have not read the book yet

but please disregard the other critique as it is obviously a prank. I am sure these books would make a wonderful gift for the child in your life that loves a bed time story.

I got the books yesterday and i am half way through the book. Its a really good book I like how they met the snail cody and cody is there guid and also like how they added ghost in it!

This book was a very interesting read. The main character was very metaphorical. She disassociated from reality because she was struggling with her sexuality and felt as if her parents would not understand. This constant struggle led her to bipolar disorder and psychopathic tendencies. She ends up murdering her family, eating them, and then killing herself. I think the book has a lot to do with modern problems and is for adults but maybe not so much for kids. Don't let the illustration to fool you.
