## **Customer Reviews**

I love this book and have prepared numerous recipes. Every recipe I have cooked has tasted great and the instructions are easy to follow. No meal has been time consuming which has fit in well with my life style. The Great Chicken Cookbook is indeed great!

I haven't made anything yet from this book but the pictures looks delicious. Some of the recipes i definitely will have to get other items for, some I've never used before. So this shall truly be interesting. The front of book have loads of "how to do's" which was great.

The recipes are delicious, but will not be very easy for beginner. If you happen to be with someone who cannot eat any other kinds of meat but chicken, this will be a big help to change the meals.

Bought them for gift for my cousin. She loves them.

This was a great book that came in almost new condition. i would say it looked new. It has some great recipes and my son loved it. He is a huge chicken fan and loves to cook.

Our friends recomened this book to us in Canada. Chicken is someting everybody enjoys, and it can be fixed in so many ways, so it is not boring. Give it a try!

I purchased one for me and one for my daughter who is in college. So easy to use with a variety of recipes.
