"The book is designed for complete beginners, but contains rich content that would be suitable for intermediate learners as well." â Hindi Language.info blog

Richard Delacy, PhD., teaches Hindi and Urdu at Harvard University. He is the author of Teach Yourself Beginner's Urdu Script (McGraw-Hill) and Hindi in a Flash (Tuttle). He travels to India frequently. Sudha Joshi received her MA in English literature in India and then taught Hindi in Melbourne, Australia at various universities for over fifteen years. She has produced numerous teaching materials and translated Hindi poetry into English for publication.

I was looking for some tools to help speak Hindi. This is fine if your emphasis is on reading and

writing. There is no phonetic translation for the Hindi script in the workbook. Not helpful.

This book expects one to begin reading Hindi from the get-go. Yet, amazingly enough, they make it fairly painless. I've had other books that try to do this and have failed. It's confusing. Hard to understand. Not this book. You will be speaking and reading from Lesson 1.

Absolutely a great book and necessary to learn Hindi...
