The Iron Marshal

Synopsis

He was a tough enforcer for a New York gang. But when young Tom Shanaghy made one too many enemies, he skipped town on a fast-moving freight. He landed in a small Kansas town that had big dreams, no name, and the need for an honest lawman. Tom figured that a knuckle-and-skull man from Five Points would be perfect for the job. He didn't know that a high-stakes cattle drive was headed his way and that leading it was a vindictive rancher bent on settling an old score, even if he had to destroy the town to do it. Tom had himself stuck in the middle of the feud before sunset on his first day in town. All he could do was hope that his years on the Bowery had left him with the smarts he needed to keep himself alive.

Customer Reviews

Tom Shanaghy was iron-tough, but he was no lawman. Back in New York, he'd been the strong-arm for an infamous Irish gang. But when he jumped a westbound train to escape a deadly street war, fate sent him to a small Kansas town on the brink of its own violent battle. The townspeople were sorely in need of a marshal, and they convinced Shanaghy to pin on the badge. Now he must wade into the fight of his life, one that will show him just how tough this new land really is. --This text refers to an out of print or unavailable edition of this title.

I don't know what it is about this story. . . It was hard for me to keep interested.I don't know why.I've read just about everything the author has written, and I never have had this problem with his works. Never. Several times I got lost in the story and had to reread many pages to refresh my memory.I hope you find the book more interesting than I did.

Don't remember reading a better book. Loved the way Louis L. understood his characters so deeply and makes me have respect for Louis for he must have had the same honor and grit as the heros. No way he could write about the honor of such people without having it come from within his soul.

An Irish immigrant boy finds himself alone in New York City, where manages to survive and acquire some skills. He is forced to flee West where he finds himself in a serious situation. He is handicapped by unfamiliarity with the West, but is able to draw on his fighting and gun skills to expose a triple cross attempt at robbery of a payroll.I liked the story telling, but the lack of western skills by the hero made the story a bit unbelievable. Also the plot is too convoluted. Still I recommend as a good story to read if you like Louis L'Amour.

I love to set in my den where I have many Louis L'Amour books,take one down and spend a great afternoon reading. That is what I did with Iron Marshal (don't know how I had missed reading it before). Absolutely loved it, as I was sure I would!

any reader of western. The book keeps you interested through the complete book and the character kept you wondering about the outcomeGood reading

My husband and son love listening to Louis L'Amour books on CD when they travel.

A very good coming of age novel with great characterizations.....However the ending involves a convoluted triple cross which leaves the readerconfused, looking for explanations and shaking his head.

Louis is the Master western novel writer.
