Some Like It Hot: Writing Sex And Romance (Crafting Unputdownable Fiction) (Volume 3)

Synopsis

Romance is everywhere even in blockbuster movies like Terminator and Star Wars. Strong romantic plots drove TV shows like Castle, Moonlighting, and Cheers to top ratings. It was the sexual tension that viewers tuned in each week to find out if this would be the episode they finally acted on their attraction or not. Twitter blew up when Sheldon and Amy finally kissed on The Big Bang Theory, then blew up all over again when they consummated their relationship. Writing romance and sex can be tricky. Youâ™re not writing a how-to manual after all. In this book youâ™ll learn how to create sexual tension, how to write sex scenes, and how to plot a romance that will have readers staying up until the wee hours to finish and closing your novel on a happy sigh.

Publisher: Story Siren Publishing (June 2, 2017)

Language: English

ISBN-10: 1940811724

ISBN-13: 978-1940811727

Product Dimensions: 5 x 0.2 x 8 inches

Shipping Weight: 5 ounces (View shipping rates and policies)

Average Customer Review: 3.0 out of 5 stars 1 customer review

Best Sellers Rank: #1,341,066 in Books (See Top 100 in Books) #111 in Books > Reference > Writing, Research & Publishing Guides > Writing > Romance #4600 in Books > Reference > Writing, Research & Publishing Guides > Writing > Writing Skills #261490 in Books > Romance

Customer Reviews

We need more craft guides that differentiate the storytelling needs of romance and its sub-genres. This book, unfortunately, did not deliver. It had some kernels of wisdom, but the best ones referenced advice from other craft writers. I didn't feel that there was much original perspective from the author. Though the book touched on worthy topics, the structure was hard to follow, and the guidance itself was inadequate, and thin. It was hard for me to conclude that the author is herself an expert on sex and romance writing. She included many passages from her own novels and I can't say that I was impressed--the writing felt formulaic, not masterful. I don't like writing harsh reviews, especially when I'm leaving one for a fellow author. This is a tough business and I understand the desire to leverage one's skills and share one's expertise. But I also feel a duty to leave an honest

review when a book doesn't live up to its promise. The author herself mentions the importance of this in the context of delivering the expected romantic elements who are waiting for a happily ever after. For me, this book fell far short of its claims.
