Razer's Ride (The Last Riders Book 1)

Synopsis

Beth Cornett is the town good girl, so staying out of the way of the motorcycle club's dangerous members was a no brainer. Unfortunately, she manages to catch the eye of Razer, who has every intention of tempting her to take him on despite her misgivings. When her worst fears are realized, she is left heartbroken, determined to forget her walk on the wild side. Razer was not going to change for any woman, not even Beth. Their lifestyles were too different; betrayed she ran. Realizing his mistake too late; she was not about to forgive and forget. It takes a killer intent on targeting Beth to bring her back to him and The Last Riders for protection. Razer may have learned his lesson, but this time, as long as she is at the club, she has to play by their rules. This work of fiction is intended for mature audiences only. All sexually active characters portrayed in this ebook are eighteen years of age or older. Please do not buy if strong sexual situations, multiple partners, moderate violence and explicit language offends you.

Customer Reviews

Spoilers!!!!Sheesh what a whirlwind!!!! I didn't know what to expect when I started reading this book and was I in for a shock! My friend Katy has been telling me to read this for the past two years and I

finally started and now I am hooked! Man when she got out of the hospital I was FUMING!!!! I was like where in the world is the loyalty!!!! Especially from Evie and it was just so cold! Man I was so mad I started tearing up ughhhh like the explanation is a great one but ughhh I felt for her and those tapes omggggggg I can't! I can't wait to find out about the others guys especially Shade ã â ÂÂ– and then I had so many emotions like of course you want fidelity and trust but Razer didn't show her that is what he wanted like Beth was just kept in the dark the whole time but for her protection but blahhhh idk I am excited Shade wants to help Lily and I wonder if Penni will be a heroine this series is awesome :)

I love this book!!!!!! When reading it, I felt so many different emotions. Which is what makes a great book in my opinion. I felt that I could relate to the characters and that the story line was good. There was background information in it that helped me know why the characters were acting the way that they were. This book shows that even though the members of the Last Riders work hard and love to party (play) even harder. This is what they like to do and they don't care what anyone thinks about the way that they live their lives. Razer does not think that there is ever going to be a woman that will make him want to change the way that he lives his life. Beth lives her life taking care of others and living her life for her younger sister that she is raising. She never does anything for herself and doesn't know much, or have confidence, when it comes to the opposite sex. In this book, it shown that the members of the Last Riders will do anything to protect someone that they care about. Even if it breaks that persons heart, trust, and confidence. Beth is betrayed by the person she loves and those that she cares about as friends more than once. However, in the end she forgives and learns to accept what happened and move on from it. This just proves how forgiving she is after everything that she has been through. She learns to get over her fears. Razer learns the damage that his betrayal truly caused and why he feels that he will never get another chance to love the one woman that finally broke through his barriers. One of his "brothers" shows him why his betrayal hurts so bad and Razer learns to look past just getting what he wants from a woman to looking and truly seeing past to what makes Beth the way that she is. He vows not only to get her back but to take care of her so that nothing like that happens to her again. Razer's family sticks by his side and helps him get Beth back once he realizes what she means to him. He is willing to partially change his life so that she fits comfortably into it and to also protect her younger sister. If you have not read this series yet, you are seriously missing out on amazing books. Jamie is an amazing author that writes amazing story lines, great characters that you just want to learn more about, and leaves the reader wanting the next book to see what is going to happen next.

I've seen this around for awhile even heard people talking about on Facebook. So I finally got off my butt to give it a try. Now I'm kicking my butt for not reading it years ago. I loved it. I couldn't put it down. Not wasting any more time on this review because I have to go start the next book in the series. See ya next book.

This book is a great start to a great series! Jamie introduces us to a MC club that will forever hold a special place in my heart and on my kindle. She takes your emotions from one extreme to the next with each page. Razer and Beth's story has some rocky parts in their relationship and it takes each one some time to actually get to know each other. The club is not your normal MC club with how they allow others to join, some people might be offended by it at first but just keep reading! We also find out that this club is not ran with how it seems to outsiders. It started out as a select few with an agenda and became something more. Beth has had a hard, sheltered life and is taking care of her adopted sister when she meets The Last Riders and boy is she in for a shock. But Beth's caring attitude can't help but make people start to care for her. Razer only really cares about getting women in bed but being around Beth starts to open his eyes. It takes some prodding on his part by others of course and certain events to be put in motion but what a ride it takes you on!

first book I read by this author but it was, to me, very addictive. I really loved Beth, Razer (at first, well and at second, not so much. I really loved a lot of the other bikers kind of better. I really hated that when Beth ended up in the hospital, because of the bikers, no one came to see her from there. Loved the "other" biker b's a whole lot. Sure did put our fave MC in their place. As I said now I am addicted and want to see how the rest of the guys fare but am going out of order to read Shades story and Lily next. Will get to the rest but the prices are a little too high to get them all now. I usually do not go over the 3\$ mark for an e-book but, as I said, Shade and Lily seemed worth it and hopefully more of Beth and Razer too. Would like to read one on Evie tho' too.

Very Good Story and it continues the characters onto the second book. I always enjoy books from authors that can continue the story, it lets you get a peek of a character and you wonder about them. This book is good but I do see Beth's view on the sexually activity of the club house and she does not understand it. It's a normal reaction & it's nice slowly seeing her turn Razer's view on the topic. There is a good story here also not just sex, but I got a bit lost when they started out saying someone was killed and they never found his body. He happens to be the President Vipers brother.

It skirted over that and I wish it went a bit more into depth. Perhaps it will in the next book. If you don't like violence, sexual situations and a very fast pace book this book is not for you.
