Along The Rim: A Guide To Grand Canyon's South Rim, Second Edition (Grand Canyon Association)

Synopsis

From Hermits Rest to Desert View, a road distance of some thirty-five miles, the heart of Grand Canyon National Park's South Rim skirts the edge of the world's most magnificent canyon. Along the Rim is the essential viewpoint-by-viewpoint guide to the South Rim, with seams of history, geology, and natural history winding through the text. Spectacular photographs showcase the scenic grandeur and the historic structures unique to the national park. This all-new edition of the classic book includes the latest information, new viewpoints and road routes, new photographs, and much more.

Michael F. Anderson is a teacher and guide for the Grand Canyon Field Institute and former Trails Archaeologist at Grand Canyon National Park. He is the author of *Living at the Edge: Explorers, Exploiters, and Settlers of the Grand Canyon Region* and *Polishing the Jewel: An Administrative History of Grand Canyon National Park*. Gary Ladd is a freelance landscape photographer specializing in photographing Grand Canyon National Park. His images have appeared in numerous books and many magazines, including *Life Magazine* and *Arizona Highways*.

A short and sweet collection of information, photos, and maps. I have other books by this author but it was not repeated, and can be a nice addition to any library.

it was exactly as expected, will use as an inexpensive pre-guide to a teenager's visit; he will read it in advance

This is must-have when visiting the South Rim of the Grand Canyon as it gives you all the background you need to enjoy the rim from Desert View to Hermits Rest. Often, when people visit a place like the Grand Canyon, the very size and awe-inspiring views can be very overwhelming at first. To help find your way to the small wonders as well as the big, this book will give you the lowdown on all of the overlooks, roads, hotels, and historical buildings along the South Rim. It also gives you the historical background on the roads, overlooks, and trails. When you get to the South Rim, the first thing to do is pick up this book as starting point. I hear they are also working on a version for the North Rim. >>>>>>
