Synopsis

Soap Making: 365 Days of Soap Making: 365 Soap Making Recipes for 365 Days Today's Special Launch Price \$0.99! (From \$9.99) ~ READ FREE WITH KINDLE UNLIMITED SPECIAL BONUS: Over 45 Additional Soap Recipes at the back of this book. These days, the soaps, shampoos, and household cleaning products that you use are often loaded with chemicals. While they may claim to be healthy to use, do you really want to take a chance? These products can be especially unhealthy for anyone who has scent allergies or sensitive skin. It is a lot better when you can make your own soaps and household cleaners, and it is relatively easy to do. In fact, we are going to get you started with "365 Days of Soap Making". In this e-book, you will find loads of recipes for every kind of soap imaginable, from hand soap to laundry detergent and more. These products are made with natural ingredients that are not only safe to use, but can also promote healthy skin and hair. Seriously: Many of the recipes in this e-book can be created in just a few minutes, so you might find yourself skipping ahead and doing more than one recipe in a day. Don't worry, we have you covered with a bonus mini e-book with an additional 45 soap recipes. Download Your Copy Right Now!

Customer Reviews

An incredible amount of materials for soap and soap products. From shampoos, to laundry detergent, to household cleaners it contains a different set of instructions and products for every day of the year and avoids harsh chemicals - being made from natural ingredients, such as coconut oil, essential oils and herbs. The directions are straightforward and the materials are not too difficult to source. A bargain purchase!

Love this book!! I personally have tried making soap, and actually made them for Christmas presents. But it was like something was missing. I couldn't get the odor as strong or get them as pretty as I wanted. Which is why I was thrilled to find this book. When I made my soap I was basically guessing at how much of each extra to add. This book has exact recipes and so many of them! It has everything you need to know about soap making. I reccomend this to everyone!

This is an excellent book for any and all DIY shapers! I highly recommend this book, as I have read a lot of books on soap, and this one cannot be beat. The author does an extraordinary job of explaining the "in's and outs" of soap making, and includes hundreds of recipes for everything from homemade hot process, cold process, and melt and pour soaps, soap creams, liquid dish and laundry soaps, kids crayons, other household homemade natural cleaners, and includes a whopping extra 45 "bonus recipes". You can tell she really put her heart and soul into this book, and let me tell you...I can't thank her enough for it! How nice is she? No, I don't know her, but I feel like I do, as she pours out her personality and wealth of knowledge into this book. In doing so, she saves the rest of us a lot of "soap fails", headaches and includes "tried and true" tips and pointers, to guide us along on our soaping adventures. It's definitely the best soap book out there, in my humble opinion. I'm unsure how she can afford to make any money on the book, only charging a miniscule price for all of that knowledge!!'d recommend her book to anyone interested in this hobby.

Disappointing

Great book with great recipes for beginners and advanced soap makers. Very clear instructions and I recommend this book to everyone.

Perfect for a beginner!

Lots of great recipes that are perfect for gifts.

This book is awesome! A must have for soapmakers. I love the variety of the recipes.
