Colombia: 50 Tips For Tourists & Backpackers (Colombia Travel Guide Book 1)

Synopsis

Written by a local on behalf of Blether Travel Guides, this introduction to Colombia is at times hilarious while at the same time packed with information about the country. Colombia should be one of the prime world tourist destinations, but it's been a tad unlucky over the years. Boasting astounding natural beauty, a melting pot of cultures and blessed with some glorious and unique architecture, Colombia will begin to emerge as a prime tourist location over the next few years. Now is your time to get there before the hoards, whether it is to backpack across the country, study the natural life, or to dance the night away with the glamorous locals. Blether Travel Guides has a policy of telling the truth, it's not our duty to disguise the negatives of any country that we review. All we can say is that Dan Alva excelled himself in writing a witty and self-deprecating appreciation of his homeland. Dan will be following up this overview with location specific books to Bogota, Medillin, Santa Marta, Leticia and as, and Cartagena. If Colombia had crossed your vacation radar, we suggest you go ahead and download this book now and whet your appetite.
