Customer Reviews

I purchased this because a good friend has found he's diabetic and truly loves deserts. This book offers a variety that would appeal to most people. Thank you:)

I am looking forward in using this wonderful cookbook

I am a male who has never cooked until a few years ago. The book has easy to follow uncomplicated recipes with easy to find ingredients. My first try was a cookie that tasted like cardboard but others were just fine.

As a recently diagnosed diabetic I thought that my days of wonderful desserts were over! Then a friend found The Type 2 Diabetes Desserts Cookbook at our local library and brought it to me to read. I have thoroughly enjoyed reading about Ms. Soneral's diabetic experiences as she writes about being a diabetic with an up-beat point of view. The book, not only has recipes for delicious sounding desserts, but also useful cooking hints and information. As a confirmed 'sweet-a-holic', I must say that after reading this book, my outlook for dealing with the diabetes is definitely brighter! Thank you, Lois Soneral. ...

I am really impressed with this book. It gives a lot of good information. I especially liked the section that covers different types of sugar substitutes. The recipes are easy to follow and use simple, common ingredients.
