Customer Reviews

Unlike most cookbooks, the explanations for some of the ingredients are at the end of the book. I am lucky that I live in an area with eight bodegas within walking distance. Of those, only two have the same ingredients sold. Most of the time, we prefer the bodegas to the two grocery stores. However, I don't think any of them sell dried pimento berries, which seem to be a very common ingredient. I wish where these could be found was explained. Other than that, these recipes look to be some I would make often, if some ideas of where the ingredients could be located. Only that lack lost this a star. The side dish ideas were particularly welcome.

The cultures of the world are all rich in cuisine. I hadn't come across Jamaican food before and I didn't know nothing about it. As I've found out by now, that was a mistake. The Jamaican cuisine is so rich and flavorful. I didn't even know that you can make such tropical and delicious food so easily. I've tried out most of the recipes and I must say I've had an amazing time. They taste so good and I'm thinking about swapping out my pantry completely.

used this book to cook delicious Jamaican recipes

My wife's favorite are the Jamaican food and hence I grabbed this Jamaican Recipes and hopefully she will be happy with what I can cook. The book has easy guidelines and so easy to follow.
