Leonard Stern and the late Roger Price are two of the founders of Price Stern Sloan. Leonard Stern lives in Beverly Hills, California.

Can you go wrong with Mad Libs? The answer is definitely NO! My son is in karate and I bought these as a stocking stuffer for him. He went through the whole book Christmas Day! He and his cousins sat for hours filling in the blanks and giggling all day! I love it because it encourages imagination and thought, it is basically an English lesson for them without feeling like I am making them learn!

My kids are still laughing. They have silly quotes that continue to fit oddly into life.

Bought this for my grandson who love anything Ninja.

Kids love it and it's helping them with their language parts.

fun

My 6yo can tell me what an adjective, adverb, noun & verb do. This is a great book for beginning readers/writers! So much fun

Fun for the whole family!

Our 2 boys ages 6 and 8 played with this frequently during our recent looong road trip. Most of the pages are done. It's a great way to sneak in some parts-of-speech, grammar, spelling, and writing practice during the summer :) We did have to confiscate a few times for repeated use of inappropriate and overly gross word choices but still worth it :)
