Touch And Feel: Fire Engine (Touch & Feel)

Synopsis

Perfect for the child who wants to know everything about fire trucks, this sturdy book is filled with clear and realistic photography, simple text, and fun textures that encourage tactile exploration and help develop fine motor skills while building an early language foundation. Featuring pictures of everything related to fire engines, *Touch and Feel: Fire Engine* brightly displays big red trucks including textures on the pages to keep young children engaged. With appealing touch-and-feel elements on every spread, DK's *Touch and Feel* series is a favorite for both parents and children, in a larger format than DK's *Baby Touch and Feel* books. Babies and toddlers will be drawn to the shiny jacket, while the bright, bold interior pages help them develop object recognition, and the descriptive text builds their language skills.

Book Information

Series: Touch & Feel

Board book: 12 pages

Age Range: 2 - 5 years

Grade Level: Preschool - Kindergarten

Customer Reviews

Really disappointed as I thought this would have more to touch/feel. Everything kind of feels the same, so what's the point? Aren't the textures supposed to be different? They're all kind of hard and shiny. And honestly it's kind of hard not to read and laugh aloud as there are so many dirty connotations - my humor may be juvenile but honestly I feel like the author should have been a little more aware when putting this together... Quality of book itself, literary issues aside, is fine. It is

priced very low so I guess it's fine for the price. But honestly I've tried several fire truck books (and train books!) and can't find any that don't make mom and dad want to croak when reading to toddler...

I normally do not write reviews, I should, don't usually think of it or have the time. But I got this for my son, 20mo at the time and it's the worst. Do. not. buy. this..... it's 5 pages at most with a few words. It's really, really not good at all. Buy something better and worthwhile with your money.

Got it for my cousin's little boy for a 1st birthday present. He loves fire trucks and loved that you can touch the pages with different textures. Perfect for a child that loves trucks.

The textures in this book are similar but my son still loves it. It has a scratchy grill, shiney bumper, smooth helmet, rubbery tire and reflective jackets.

my son is 3 years old and this book is boring to him. This book is good for kids under 3.

Not as exciting as I thought it was going to be.

Grandson loved it!

Super Cute and interactive book.
