Customer Reviews

This is a really great little pocket guide book for a quick glimpse of what an animal symbol or animal spirit guide might mean. Fits easily into your purse or even pocket. Clear and concise and broken up into animal categories and it gives you the meaning in just a few sentences without having to read pages and pages of information. I refer to this book on a daily basis. I would definitely recommend this little book to anyone interested in animal spirit guides.

I believe because this wisdom is in such sync with my thoughts and happenings! I am a lover and observer of nature, so I find this wisdom fascinating. Ted Andrews gives me insights into the message of my brother/sister critter crossing my path. I appreciate this summary version of his more comprehensive works and keep it with me in the car. Even if you don't believe, this pocket guide is great just for curiosity purposes. Highly recommend it; it's easy to use; well organized; and you'll find he's listed most common animals, birds, insects, and reptiles.

This animal speak pocket guide is perfect it is definitely the perfect size to fit in your pocket or in

your purse it is full of information it is very great definitely grab it along anywhere you go stick it in your pocket or just throw it in the glove compartment of your car and pull it out as you need it keep it on you it is definitely a beautiful book get it for yourself or get it as a gift for somebody

Very informative about animal guides/spirits. What each animal might mean when they keep showing up in everyday life.

Great little reference

This is a great quick reference guide. I bought this as a gift for Donna at Soulful Awakenings. She does a crystal bowl meditation and each session is visited by an animal totem. Usually we wait for an Email review of the meditation to tie the animal guide to the meditation. The night she received the guide, she looked up the Spider and two people commented on the close tie of the spider to their meditation. Having the reference greatly increased the post meditation discussion. Remember, this is a quick reference guide and Animal Speak is the definitive source. I own Animal Speak and bought it for Donna to go with the guide and also a copy for my girlfriend.

This book provides such wonderful insight regarding animals and their messages to us! It is rare to find such a wonderfully written text such as this one.

It is accessible, insightful, worth having because it opens up ways to understand our surroundings, other beings, and their messages. This is a small book the size of an index card and about 1/4" thick. It is meant for quick reference, and has lists of common mammals, birds, insects, reptiles, sea life and FAQ about animal messengers. If you want more details, get Animal Speak. I consider the short tidbits about each animal guidance for my intuition -we need to meditate further on the meanings suggested by the book.
