Synopsis

You can get FREE bonus book. All the information you will find on the last page The art of drawing portraits is not easy to master. The human body is a work of art by itself, a complex composition structured on symmetry as much as on asymmetry. Customer Reviews

this book is very great. In order to draw a realistic-looking portrait, it is important to properly sketch the oval outline. You may have to try doing so a few times. If you want to draw a portrait as accurate as the one in my drawing, you must be patient and diligent. I recommend drawing the easiest parts

first.
