A Woman Rides The Beast: The Roman Catholic Church And The Last Days

Synopsis

In Revelation 17, the Apostle John describes in great detail the characteristics of a false church that will be the partner of the Antichrist. Was he describing the Roman Catholic Church? To answer that question, Dave Hunt spent years gathering research and indisputable historical documentation (primarily Catholic sources) and providing information not generally available. Â Are you missing half the story about the last days? Virtually all attention in our times is focused on the coming Antichrist--but he is only half the story. Many are amazed to discover in Revelation 17 that there is also another mysterious character at the heart of prophecy--a woman who rides the beast. Â Who is this woman? Tradition says she is connected with the Church of Rome. But isn't such a view outdated? After all, today's Vatican is eager to join hands with Protestants worldwide. "The Catholic Church has changed," is what we hear. Â Or has it? In *A Woman Rides the Beast*, prophecy expert Dave Hunt sifts through biblical truth and global events to present a well-defined portrait of the woman and her powerful place in the Antichrist's future empire. Eight remarkable clues in Revelation 17 and 18 prove the woman's identity beyond any reasonable doubt. --This text refers to the DVD edition.

5 stars to the writer but the history of the Catholic Church was so horrific I couldn't continuing reading the book. It seemed like fiction but he carefully footnotes his findings. If you are Catholic you won't like the book and if your not Catholic you won't like it either! It's unbelievable or almost!

Dave Hunt was the Apostle Paul of our time. He was a true man of God and faithfully spread the truth. All Christians owe it to themselves to read all of his books. This book tells the full truth about the Catholic Church - a truth that will be harder to find as time moves on. "Seek Ye the truth and the truth shall set you free."

One of the best books I've ever read on the history of the Popes and the Roman Catholic Church. It's very detailed which makes it a book you can't read without taking the time to pause and absorb all the information. I came out of the Catholic Church many years ago and didn't realize it's horrific history until recently.

This well researched book will provide much eye-opening information regarding the past and even present deeds of the Roman Catholic Church and how it fits into prophesy. The book was written around 1994 so doesn't provide any current information but it provides a massive amount of historical data and you will find it quite interesting regarding the lives of some of the popes who reigned over the church. The book will speak for itself.

What a classic read. I purchased this book when it first came out and have had it in my collection ever since...that is until after a couple of trips to the salvation army store. In my horror I realized it must have gone with the last batch of books. All I can say is that it must be meant for someone else to read, but I wanted another copy because it has good reference material as well. This information is timeless. You might consider seriously reading this before September 2017.

WOW! A very powerful book on getting off Biblical precepts and into man-made ideas and doctrines. Must have an open mind to absorb all the material; not a closed or empty mind. I don't agree with all

of his findings, but well done and recommended for those who want to understand more about the end times and church corruption.

Dave Hunt did extensive work over many years on this subject. Highly recommend it. A good read along with it is Alexander Hislop's scholarly work 'The Two Babylons'. Must reads!!! Take it from an ex- Romanist.

One of the best, most authoritative book, ever on the Roman Catholic Church. A must have for your library. If you truly want to know about the under belly of the beast and its part in the last days, please read this book.
