How Is Daniel Feeling? (Daniel Tiger's Neighborhood)

Synopsis

Daniel Tiger fans of all ages will love this novelty board book about feelings with a touchable, lovable plush Daniel face on the cover! Daniel feels many different emotions. Sometimes he feels happy, sometimes he feels sad, and sometimes he even feels mad! Daniel can also feel silly at times or even scared. Each page of this unique board book shows Daniel expressing a different emotion and learning a simple rhyme about that emotion to help little ones understand their feelings, just like in the show. © 2015 The Fred Rogers Company

We bought this for my 2 year old granddaughter as a fun way to teach her about feelings and how to express emotions as an effort to stop biting! This is such a fun and interactive book and she has learned expressions so quickly!

Really enjoy the Daniel Tiger book series! If your child is a fan, this book is a must own and instant favorite. Goes through multiple episodes focusing on key feelings: mad, sad, happy, frustrated and scared. Suggestion for Creator:- a push and play button for some of the songs. My son loves the potty book and enjoys pushing the button at key moments in the book, this feature would really help the child interface with book more.

My grandson loved this book! He liked the feel of Daniel's face on the book front while his mother read to him. The book follows an episode of Daniel's neighborhood that shows how to deal with different emotions that a child might face. Very appropriate!

My one year old son is a huge Daniel tiger fan. This book is great because his face on the cover sticks out with a plush material and my son loves to touch it and play with it. I find it makes the reading experience more interactive. It's also a great book that helps encourage kids in learning to express their feelings. Great buy.

Soft stuffed animal face on the cover of the book begs your child to Ugga Mugga it. Easy to read and covers many different feelings children experience. The book is a hard cover board book.

I read this to my 2 year old just about every night. She has most of the book memorized and I made sure I knew the songs before I read it to her. She loves singing with me when I read the book. This has been well worth the money. I hope they release another one in the future that you can sing songs in.

This book really helps my toddlers understand emotion. I love that each page references a different episode and the jingle used in it. That familiarity seems to help the kiddos' learning process.

I'm a speech-language pathologist, and I love this book for explaining feelings and emotions to toddlers!
