Customer Reviews

Another great little pocket-sized guide to help the traveler decide where to go and what to do. Packed with information and good photos, I really like these little guides.

Only used for the American Virgin Islands. Maps were crappy. Info was okay and always like concise lists. I used this as a secondary guide book if I couldn't find anything in the first book. Best suggestion would be to make sure internet works well on your phone for info--AT&T.

This is the least informative of all the Eyewitness Travel guides in my library today. May be that

there is simply not enough information to compile a worthwhile book. Publisher might consider informative pamphlets in place of a combined island book. Would not buy again.

I find that a trip is not as valuable unless I bring reading material that helps me find places to go and see easily so I don't waste valuable time with trivial travel. This was a good guide.

Quick shipping, good quality, book has great information and photos

Amazing Guidebook - we only had 5 days in the BVIs for our own chartered sailing adventure, and this book helped us to make sure we hit the high points. Don't leave home without it!

This book was very helpful on our trip. Helped us find great beaches. Also used Trip Adviser for restaurants.

Great source
