101 Great Games For Kids: Active, Bible-Based Fun For Christian Education

Synopsis

Children learn best when they hear the rich stories from Scripture over and over again. Just sitting and listening, however, can become boring. This volume, a collection of 101 active games for Christian education programs suitable for children ages 3â “12, will help dispel any boredom. Divided into four sections, 101 Great Games for Kids brings Scripture to life through active games that get kids up and moving rather than sitting in their chairs. Each of the 101 games are presented in ways that adults can use immediately. Key Benefits: Children are enabled to learn the rich stories from Scripture through fun and active games; Christian educators will find a wealth of new, flexible ideas that will easily fit their educational programs and Sunday school lessons

Good experience

As a Christian Education Directory, I find this book great for Children's Church. It has a lot of games in it that keep little ones active and engaged. The seller described the book perfectly and it arrived in a timely manner. I would purchase from this seller again.

This book is worth it, it gives lots of ideas for activities with kids. It's great to always have a game to play and to teach something to the kids.

I purchased this book for someone else. I gave it to one of the teachers at VBS. She likes it.

What a great book - absolutely love it! Would definitely recommend to others! Very useful and practical - great deal too!

Nice product, and delivered the date it was scheduled! I find it very satisfactory. Usually in the store price is more expensive than online, but I found the same price and quality in the Internet is such a good product, very good in general. Best invention ever! Delivers as promised. I like this.

I teach Kindergarten Sunday School and this book is great for my class. The games are indexed by ages as well as by Scripture so you can easily find a game to match your lesson. The instructions are detailed and easy to follow. Roehlkepartain has written many other books on this topic and knows who she is writing for - the kids AND me!
