Customer Reviews

I use this ob long road trips along with my garmin gps. I like to see the big picture I cant get with a garmin or any other navigator. It doesn't give the detail that state maps give but it helps when you don't have those for every state you are traveling in.

Good sized illustrations, in a group setting, use it a lot when reading.

Very happy with this purchase. Covers everything we need it to.

I loved reading it to my 7 year old greatgrandchild who liked looking up the index. However to absorb the content he was too young.

Perfect for your student

My daughter needed it for class. Nice, new and what we ordered.

Perfect

Can't go wrong with Rand McNally!
