Remembering Dud Dean

Synopsis

A fictional Maine guide who won many friends and admirers through the pages of Field & Stream magazine in the 1920s and '30s, Dud Dean is very much a product of his creator. Arthur Macdougall was an avid outdoorsman and a minister in Bingham, Maine, a tiny town perched on the reaches of the mighty Kennebec River. The tales in this book were compiled by Macdougall's son, Walter.

"These stories are shrewd, well-crafted, funny, thoughtful. They reflect an era when people took the time to enjoy the outdoors." -- Central Maine Newspapers --This text refers to an out of print or unavailable edition of this title.

From Walter Macdougall, who compiled this book: "Action swirls in these stories. We feel the tension in the straining leader. We fear we may step on a twig and warn the splendid buck. We settle back in the yellow lamplight and sense the warmth of the camp stove. At another time we can feel the cold rain dribble down our back as we fish a mist-shrouded wilderness pond. As my father put it, Dud tramps in "a less involved and a more elementally real world." --This text refers to an out of print or unavailable edition of this title.

Great tribute to one of Maine's great outdoor writers by his son. Great background on the author and how he developed the great characters that are throughout his stories. Additionally includes many of the best stories in the complete form. Wonderful book!

Great Dud Dean stories. One of my all time favorite books which I keep going back to and rereading again and again.

Great reading but just a collection of stories from other Dud Dean books.
