Allegra Hicks: An Eye For Design

Synopsis

Allegra Hicks: An Eye for Design examines textile, interior, and fashion designer Allegra Hicks's approach to design and luxury. The book retraces the genesis of her patterns over the past decades of her work. Season by season, Hicks presents her original textile and pattern designs alongside beautiful photography of interiors, landscapes, and unexpected points of nature. Essays on design, color, and seasonal elements will inspire readers to look at interiors and fabrics in a new and different way. Pairing original textile and pattern designs with inspiring photography of interiors and landscapes, the book is an internal voyage through Allegra Hicks's mind. Praise for Allegra Hicks: An Eye for Design: "Porn for fabric fanatics." --House Beautiful

Customer Reviews

Allegra Hicks is a London-based designer whose line of luxury fashion, homewares, and accessories is sold worldwide in department stores and boutiques as well as in her stores in London and New York. She is well known throughout the world for her unique textile designs, which she uses in her interiors as well as her fashion line.

Perfect shape.

Mine had a dirty mark on it Works well as a display book but the actual pages are somewhat boring and do not offer any design help

I love this book, the photography is beautiful, sublime colours - I leave it open on a table in my house so I can enjoy the images all day. I originally borrowed it from the library and then just had to buy it. Inspiring.

Nice coffee table book.

Wonderful photos, designs that inspire, and a layout to show how design comes from and influences daily life & objects.

This is a perfect coffee table book with lots of graphics inside, very minimal text though if that's what you are looking for. The outside cover is as beautiful as all of the images inside.

The inside lives up to the outside cover....elegant tabletop volume ...so much more on the interior....in depth information about how she designs...a very entertaining read

The pure design in this book is gorgeous and inspired. People throw around the word "genius" but they remain rare. This book has convinced me that Allegra Hicks belongs in that group. Even rarer is the ability to convey one's design process to other people. Hicks' ability to do this makes the book a treasure for more than just the fabulous patterns and colors. The book is a treasure and worth buying simply for the many brilliant designs it includes, and even more helpful if you're in a creative visual field and looking for inspiration.
