Japanese For Young People I: Student Book (Japanese For Young People Series)

Synopsis

A comprehensive course for teaching Japanese to young adults in English-speaking countries -- from The Association for Japanese-Language Teaching (AJALT), developers of the renowned Japanese for Busy People series. Japanese for Young People is a three-level series designed for junior high and high school students, with an optional starter level for elementary students. With an emphasis on the coordination of structure and verbal communication skills, this program builds upon the basics of Japanese grammar through the use of key sentences, dialogues, exercises, and entertaining activities. Exposure to spoken Japanese is facilitated by three compact discs. The Student Books introduce the building blocks of grammar through key sentences, dialogues, exercises and activities. Japanese for Young People provides the perfect foundation for learning one of the world's most difficult languages.

Customer Reviews

The Association of Japanese-Language Teaching (AJALT) was established to meet the practical needs of people who are not necessarily specialists in Japanese but who wish to communicate effectively. The AJALT was recognized as a nonprofit organization by the Ministry of Education in 1977.

The book itself is falling apart on me, but that is probably due to over-use! Content is great and is

helping me along my journey to learning Japanese, thanks!

My daughter's Japanese instructor used this book with her as a beginner, and it gave her a great base of vocabulary and grammar to build on. Very easy to understand.

very helpful educational book . Gives you the basics.However, u need to have a book for practicing herigana and katakana if you want a good start :)

Great teaching tool. Grandson is taking lessons via Skype.

A good textbook for young beginners. Contains nice illustrations and a big amount of material dealing with communication, though, as for me, the grammar part is quite small

i like this book very much,but there's a problem that the thread does not bite papers good so papers take off.

It will serve me well for what I need - teaching my niece Japanese over Skype. It introduces grammar in orders slightly different that I probably would if I were writing my own book, but it's not so bad.I am not a 15 year old girl, but from my nieces's perspective I think she's liking it. I think she can see the practicality of the vocabulary and all that.

My granddaughter is about to test to become a Black Belt in the art of Karate and is studying the language as well through her Dojo...She is 9 years old!!! This book was recommended by Shihan...
