This is a great book for anyone interested in the history of the White Mountains. We reference it often for our YouTube videos.

This book is exactly what the title suggests -- a comprehensive list of names given to points of interest in the White Mtns of New Hampshire. No maps or pictures, just a brief description with some historical background for how places like "Monticello Lawn" or "Frankenstein Cliff" got their names. For hikers of these mountains, it's a great reference.
