Customer Reviews

This book is very visual, a perfect way to travel without leaving your home! I would recommend this book to readers, young and old who are interested in learning more about Australia and its Great Barrier Reef. --Brainstorm3000

Georgette was born on the island of Aruba and lived in Venezuela where she attended school until age 18. She has traveled the world. With her son Michael Mastorakis she visited the Great Barrier Reef and the animals of the mainland. She is the author of the "We're Off..." series and the bilingual children's music series "Cantemos".

This is a very short book. I read everything in less than 10 minutes. Could also be helpful if you want to learn some Spanish.
