## Customer Reviews

Daisy Meadows has written over one hundred books for children. Her RAINBOW MAGIC series is a New York Times bestseller!

My daughter is headed into 3rd grade and is a very reluctant reader. I bought her several of the sports-themed books and she has devoured them! I'm so happy to have found a great series that my daughter is begging to read. They are certainly not award-winning novels, but anything that gets her excited to read is award-winning in my book. Hooray!

9 year old Daughter loves this series.

Our grand daughter is very taken by this series of books. I was very happy to get this one for her.

My 8-yr. old granddaughter loves books like these. They are easy to read but have interesting stories. They are fine for any girl who can read well in the second grade.

Grand daughters birthday present. She loves it and the whole series.
