Achieve PMP Exam Success: A Concise Study Guide For The Busy Project Manager, Updated January 2016

Synopsis

This book has been FULLY updated to reflect PMI's changes to the PMP Exam Content Outline--June 2015, and is intended for all PMP exams taken AFTER January 11, 2016. Includes free test bank access! This proven best-selling study guide, used in conjunction with PMI's PMBOK Guide Fifth Edition (2013), presents all the fundamental knowledge, concepts, exercises, and practice exam questions a project manager needs to prepare for and successfully pass the Project Management Professional (PMP) Certification Exam on the first try, while cutting study time in half. Achieve PMP Exam Success, Fifth Edition (Updated January 2016) provides free online access for 45 days to over 1300 practice questions, including hundreds of situational questions, enabling users to perform PMP practice tests by knowledge areas and/or simulate actual 200 question exams, and receive feedback on incorrect answers. (Note: This access begins when you register for the test bank, not when you purchase the book.) Directions for accessing this test bank can be found in the WAV section of the publisher's website at jrosspub.com/wav. Readers will use the serial number on the inside front cover of the book to complete registration. This serial number can only be entered once per book so used copies may not still have access to the test bank. Additionally, direct access to the test bank only can be purchased for 45 or 90 days at jrosspub.com. KEY FEATURES:

- Covers all subjects addressed on the PMP Exam, including the comprehensive performance domain and cross-cutting knowledge and skills defined within the PMI PMP Examination Content Outline--June 2015 and the PMI Code of Ethics and Professional Conduct
- Provides free online access to over 1300 practice questions, including hundreds of situational questions, enabling users to perform practice tests by knowledge areas and/or simulate actual 200 question exams, and receive feedback on incorrect answers
- Details key topics, concepts, and techniques from PMI recommended readings, eliminating the need for additional resources
- Presents a pre-assessment test to help users develop a focused study plan; tips for studying, time management, and taking the exam; and a post-assessment test to evaluate readiness for the actual exam
- Supplies things you need to know, key definitions, and sample exam questions and answers, and features a case study that runs throughout with exercises and suggested solutions to reinforce concepts and build real competency
- WAV offers downloadable flashcard study aids of key terms and concepts, a training aide, and a self-study exercise on understanding the interdependencies of all the processes defined in the PMBOK Guide -- available from the Web Added Value Download Resource Center at jrosspub.com

Customer Reviews

"Achieve PMP Exam Success is the best book out there to help project managers understand what they need to know, not only to pass the PMP Exam, but to be the most effective project manager they can. It is a must read for anyone managing projects." --Scott Riley, CEO, Fintech, U.S.

Chamber of Commerce - Best Business of the Year"Preparing for the PMP Exam was an exciting and challenging journey, but this book made it easy to master the material. With relevant exam questions and comprehensive content aligned with the latest version of the PMBOK Guide, I felt extremely prepared and passed the exam on the first try!" --Craig Feldman, PMP, Technology Manager, Entertainment & Media Industry

This revised edition has been FULLY updated to reflect the Project Management Institute's changes to their PMP Certification Exam Content Outline, and is intended for all PMP exams taken AFTER January 11, 2016. Used in conjunction with PMI's PMBOK Guide Fifth Edition (2013), this revised proven best-seller continues to present all the fundamental knowledge, concepts, exercises, and practice exam questions a project manager needs to prepare for and successfully pass the Project Management Professional (PMP) Certification Exam on the first try, while cutting study time in half.

[[Provides free online access to over 1300 practice questions relevant to the new exam, including hundreds of situational questions, enabling users to perform practice tests by knowledge areas and/or simulate actual 200 question exams, and receive feedback on incorrect answers [[Details key topics, concepts, and techniques from PMI recommended readings, eliminating the need for additional resources [[Presents a pre-assessment test to help users develop a focused study plan; tips for studying, time management, and taking the exam; and a post-assessment test to evaluate readiness for the actual exam [[Supplies things you need to know, key definitions, and sample exam questions and answers, and features a case study that runs throughout with exercises and suggested solutions to reinforce concepts and build real competency [[WAV offers downloadable flashcard study aids of key terms and concepts, a training aide, and a self-study exercise on understanding the interdependencies of all the processes defined in the PMBOK Guide available from the Web Added Value[[Download Resource Center at www.jrosspub.com

It a good Book for a Project Manager Professional, but need more problems explained test case. In some area it is so summarized.

As a PMP Exam Prep instructor, I've taught from many training materials, including Andy Crowe's materials. I've recently taught from this book, and I recommend it as an appropriate study guide. Compared to other study guides, I find this book written in plainer language where possible; there are good examples and sample problems; there is a 50 question pre-test and a 50 question post-test; each chapter ends with a 15 question quiz; many chapters have 1-2 case studies. An interesting note: the authors state that they have not copy/pasted the Process Charts into their book because they are already in the PMBOK. Instead, I find that they give more granular detail, and often there are more details coming from "general business knowledge". In other words, this book is a companion to the PMBOK. Also, as an instructor, I am always looking for errors and omissions, and I can tell you that I didn't find anything in that way. I definitely recommend this book as a good option to help you study.
