Star Wars: A Musical Journey (Music From Episodes I - VI)

Synopsis

(Easy Piano Songbook). For the first time, this piano sheet music collection encompasses the entire Star Wars saga! Set amid stunning imagery from the films, these easy piano arrangements bring the magic of the movies to life as they masterfully invoke the grand romanticism of John Williams's epic, award-winning scores. This collection includes several all-new arrangements by Dan Coates. The most definitive and memorable pieces from each of the six Star Wars episodes are included. Titles include: Twentieth Century Fox Trademark * Anakin's Theme * Across the Stars * Battle of the Heroes * Binary Sunset * Cantina Band * Duel of the Fates * The Force Theme * The Imperial March * Jawa Sandcrawler * Luke and Leia * May the Force Be with You * Princess Leia's Theme * Star Wars (Main Title) * The Throne Room * Yoda's Theme.

Customer Reviews

Star Wars -- A Musical Journey (Easy Piano Sheet music)I begin to say shipped the book very fast and my son was very excited about this book. However, I want to let people know that 8 reviews are for two books, one is the book I purchased- Star Wars -- A Musical Journey (Easy Piano), and this book is easier, appropriate for level 2-3 learners, the other book is Star Wars - A Musical Journey Episodes I-VI - Piano Solos, which is much more difficult to play. Hope will correct it soon.

Far out!

Good arrangements and selection, except the keys appear to have been transposed from the

originals in some cases -- it would be better the music in the original keys whenever possible.

Obviously, kids like this music. Dan Coates does a really great job of arranging the sometimes complex music of John Williams so that it can be played by kids, but sounds sophisticated. There is also a range of difficulty of the pieces contained in this book. The "Star Wars Main Theme," and the "Imperial March" are fairly easy and straight forward. "May the Force Be With You" and "Cantina Band" are somewhat more difficult. I would say that if your kid is at the level 2A-B, he (she) would be able to stretch a bit and play the easier selections. The harder selections could be approached by level 3A-B students, although my son was able to master some of the harder arrangements (with considerable practice) coming from level 2B, and improved his musicality accordingly. Thus, children will be able to go back to this book time and time again as their ability increases. The Coates Star Wars arrangements must be popular at recitals as attested to by the large number of videos of these pieces on You Tube.

I bought this for my daughter who was starting her fourth year in piano. She was able to play some things relatively easily, but there is enough content that is challenging that she takes it to her piano lessons and can learn and grow from it. She enjoys being able to play the familiar Star Wars tunes, and it helps to keep her motivated and practicing, for the most part. I don't recommend this book for less than 3 years experience as it could be discouragingly difficult.

My students love having such a great collection of Star Wars music from all the episodes! Arrangements are for my intermediate students, not beginners. For the little ones, I suggest the Five Finger Star Wars book.

Lures young boys to practice happily. Arrangements are full and challenging. This is perfect for the level 2-3 piano student or a pianist who wants to pick up a song and play it with little to no practice.

Great arrangements of great songs. Note the distinction between the advanced and basic versions of this compilation and make sure to get the one that is appropriate for the intended pianist.
