Customer Reviews

Yeah, I know these are classics, but, there are a few things I don't like about the volume. One is that some of the fonts that are used are just appalling. Cannot see them at all. Also, would be better if they actually had the learning point highlighted.

When these were produced by Southern Music Co., the price was MUCH lower and the quality of

the print was good - through all of those years. The new company has really "cheaped" out with regard to quality, and the price has spiked considerably. I'm a flute teacher and have used this book since I was a student in the 70s. This is VERY disappointing, because the content is wonderful

I have been using this method book for my students for 20 years. It covers a wide variety of styles and techniques. It is not a painless book for students by any means but it is good none the less.

Daughter very pleased

The flute teacher of my daughter suggested this book.

My daughter is enjoying practicing this piece of music this summer to keep her skills honed for the school year.

Great price!

I have looked for this book for years. The selections have been some of my favorites for many years. Excellent choice for individual play.
