The Siren (The Soul Summoner Book 2)

Synopsis

All the missing victims of North Carolina's deadliest serial killer have been found, all except Rachel Smith. When the FBI produces a photo proving Rachel is alive and well in Texas, one case is closed but another one is opened. Either this is a case of mistaken identity or there are more people than just Sloan Jordan and Warren Parish who seem to walk the earth without a soul. Along with Detective Nathan McNamara, Sloan and Warren travel south to find Rachel and solve the biggest mystery of all: determining who or what they really are.

The Second Book In The Soul Summoner Series

Book 1 - The Soul Summoner
Book 2 - The Siren
Book 3 - The Angel of Death

The reviews talk a lot about the cliffhanger ending. JUST TO BE CLEAR: the plot of this story is wrapped up by the end of the book. However, a bit of information is revealed at the end so the reader knows another book is coming.

Customer Reviews

recommended this book and I'm delighted they did. Thoroughly enjoyed The Soul Summoner and immediately upon finishing it I purchased The Siren which I just finished which, of course, prompted

the purchase of the third book in this series The Angel of Death. Looking forward to getting lost in Sloan's strange world of angels and demons where very little is as it seems. If you enjoy the paranormal you're going to love these books and the wonderful, intriguing characters whose lives intertwine in ways you can't imagine...with twists, action, romance and laughter. Read the first one and you'll be hooked! Nice job Elicia Hyder.

Sloan's would-have-been murderer has one victim extra; Rachel Smith is still alive. But how?! According to Sloan and Warren, both of whom can feel souls, Rachel is deceased. But video evidence contradicts and curiosity stirs. Could she be like them? Born with the gift too? Maybe this elusive woman, who appears to have struck a fountain of youth, may have the answers to questions Sloan's been seeking since childhood. (I received this Advanced Reader Copy (ARC) in exchange for an honest review.) In this book, I learned how to make scrambled eggs (yes, cook!), a bit about the Catholic religion (and angels "if they exist"), how to shoot a gun, and how military deployment callback "works" all while laughing my head off, crying my eyes out, and yelling at the characters to get their acts together! XD The Siren keeps a crime-drama feel while delving into Sloan's past and swaddling comedic romance. With hilarious dialogue, complicated characters, paranormal kick-ass action, a blend of confounding romance, and stuff that'll hit you in the feels, this book is definitely worth the read! Between the current Soul Summoner volumes released, this is my favorite! Last of all, I shall mention that this can be read as a "stand-alone," but I encourage you to continue with the series. Hero rating: 4.5 Heroine rating: 4.5 Writing mechanics (literary elements/devices usage included): 4.5 Plot rating: 4.5 Dialogue rating: 5 Storytelling rating: 5 Story ending rating: 4.5 Sexual tension rating: 4.5 Sex scenes rating: N/A Sex scenes frequency: 2 (not good nor bad, just occurrence rating) ***** Overall rating: 4.6 stars Would I recommend this series: Yes. Would I re-read this series: Yes. Would I read future books by this author: Yes.

I started this series with The Detective, then The Soul Summoner, and with each I could see the potential for EH to grow. I was not wrong. As she herself has said, EH writes curious books. They are also candid, winsome, funny and a bit poignant. She spins a good yarn. Humans & angels now populate The Siren, and don't forget the hot guys. The pace doesn't sit on its butt and the way EH has with words is refreshing. Definitely an author to put on your go-to list.

I am not great at writing reviews. I normally don't do them but this series has me hooked and I

wanted to let other readers like me to know Elicia Hyder is worth adding to your author list. I am always looking for book series because I love to know my characters and keep reading about their lives. I am also a fan of the supernatural or sci-fi fantasy type genre. This book series has just the right amount of supernatural and natural to keep it exciting but not over the top. I love the connection between Sloan and Warren and Nate. This triangle is exciting and stressful at the same time. I love what is going on with those three. My only warning about this book is the end has a cliff hanger that will drive you nuts in this world of binge watching series. Elicia, I sure hope you are more prolific than many of my authors because waiting to read the next installment is going to kill me.

Perhaps it's just because I enjoyed the first book so much that I felt a little let down when starting on The Siren. Things just seemed to move so slowly with this book, and Sloan seemed to take on this almost whining type of personality that I nearly called time out, but once the "mother dearest" showdown exploded into life we were back on track, and things were making my head spin once again, (in the good way of course) thankfully! Definitely keen for more.

Now that Sloan has discovered her supernatural half, she has a chance to find out where she's really from and what she can do. But it doesn't go smoothly. Mixed up in the progression are some tragedies, some vacation time, and some serious crime. New characters mix seamlessly with the old characters and we find out more about the background of both Sloan and Warren. This is a must read for fans of paranormal.

Another fantastic addition to this series. I was caught up in the drama with Warren and Sloan. Nathan adds to the mayhem. There are ups and downs in this book that had me trying to catch my breath. I loved every page. Now on to book 3. I really love Warren and can't wait to see him in action in the future.

Gotta say, not lovin' Momma Dearest! At least Sloan gets some answers about what she is and why she and Warren were instantly attracted to one another (well except for the times that Nate starting working his mojo on her)! So much fun and action and answers. Love this series. Sexy kickass guys and gal with a whole lot of humor and seriously scary supernatural "skills".
